

EXTRA IMPETVS ERRATA

© Dadi&Piombo / last update January 23 2014

This document collects all errata of Extra Impetus supplements. Only “data” errors, that may produce wrong lists, are taken in consideration (not various possible typos on historical backgrounds, campaigns etc). Please consider this document under construction and subject to future updates. Any help in keeping this file updated is welcome, please write in the forum if you notice some possible error.

Extra Impetus 1

Vol. 25
