You can downgrade up to 1/2 deployed Foreign Style Regiments to RECRUITS -5 pts per Unit

You can upgrade one Artillery Units with a MASTER GUNNER, +5pts

Field Fortifications. Count them as Linear Obstacles. Each Fortification is 2BU and can also be represented by a wagon. All measurements are taken by the Wagon base if both players agree (and if the model has a reasonable size), otherwise count it just as a marker and use a stick to represent the real position of the Fortification.

If the Unit defending the Fortification has to retreat after the melee, remove the Fortification.
